

SIGN UP GUIDE

1. When you choose a **PROFILE category**, please be aware, that if currently you are a student and a researcher or alumni or teacher, with one e-mail address you can register only to one PROFILE category. If you want to register also to another PROFILE category, you have to register with another e-mail address.

2. When you register **your (first and last) name**, your **nickname**, please decide if you want to make your name public to our community or you want to appear in your profile (visible only for members) only with your nickname.

If you register **your phone number** too, please do not forget to register your phone number with your country calling code. If you have a hungarian phone number it starts with +36...

3. If you plan to work in parallel with your studies, or you want to apply for an internship offered by our partners, please upload **your Resume**. We recommend you the following webpage to compile it: [Create your Europass CV | Europass](#)

Spoken languages: if you consider important to mention an other language than the given ones, please register it in the textbox, where you can give some details about your current activities etc. The textbox is not mandatory and it will be public only to our Members.

4. Our Members would be happy to see an introduction short film about you beside your Facebook, LinkedIn, Google Scholar profile:

[Tutorial - Record Yourself & Screen at the Same Time - YouTube](#)
[How to Upload Videos on YouTube - YouTube](#)

5. Type of program: if you are in a Preparatory Program or you were admitted to a university as a student, please select the College, university category. Select this category if you were admitted to a doctorate program. If you are taking part in a Postgraduate Program at a university or college (sometimes named „főiskola”) select College, university adult education. If the Postgraduate Program is not offered by a college or university, please select Adult education offered by other training institute.

Level of program: if you are not a university student and you are enrolled in a Preparatory Program, select this from the list. BA/BSc, MA/MSc and PhD/DLA levels are obvious. Postgraduate specialist training course is a level of program, which is build on a higher education degree (which is a prerequisite) and it is a specialisation in that certain field (the PhD/DLA does not belong to this group). The higher level training (felsőfokú tanfolyam) does not have any higher education degree prerequisite. Adult education is usually a 1 year long program. If you are not sure of the level of your program, please contact us.

Type of education: daytime, evening education. The classes in the evening education are held usually after 4 PM or later, or only in the weekends.
